

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA7081NM

This Certificate issued to **Bruce Aerospace Inc.
101 Evans Ave.
Dayton, NV 89403**

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.*

*Certification basis is set forth in Type Certificate Data Sheet A21EA.

Original Product Type Certificate Number A21EA

Make: Canadair

Model: CL-600-2B19

Description of Type Design Change: Installation of Interior Fluorescent Cabin Lighting System in accordance with FAA approved Bruce Industries, Inc. Master Drawing List Number MDL-CL600-2B19, Revision "D", dated January 7, 1994, or later FAA approved revisions.

Limitations and Conditions: This system should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

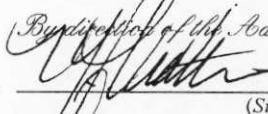

Date of application: March 29, 1993

Date reissued: June 12, 2008

Date of issuance: April 21, 1994
